

Kansas Green Schools Program

Rick Brunetti, Director
Bureau of Air

Healthy Kansans living in safe and sustainable environments

Vision statements

- KDHE's vision: Healthy Kansans living in safe and sustainable environments
- KACEE's vision: Environmentally literate Kansas citizenry

Goddard High 2010

KS Green School of the Year

Vision statements

- One key way for KDHE to meet its vision is to assure the success of KACEE in the attainment of their vision.
- There is no better vehicle in place then the Green Schools Program to accomplish this!

Kansas Green School Program

- Partnership between KDHE and KACEE
- KDHE currently provides funding for:
 - Environmental Education Training
 - Continuing Education Scholarships
 - Grants for Green projects at Kansas Schools

Green Schools grants for projects

- Provide infrastructure to enhance green practices at schools
 - Waste reduction and recycling
 - Reduce non-point source water pollution
 - Air quality and energy

Green Schools Success Stories:

More Success:

**Nearly 150 grants
for green projects
since 2009!**

But...

...that was then. What about now?

- Do you have a project in mind for your school?
- You and your students have a great opportunity to enhance learning while positively impacting the environment
- Take a moment and check into the Kansas Green School Program
