CONSERVATION &
ENVIRONMENTAL
EDUCATION

Kansas Green Schools Investigations

The Kansas Green Schools Program connects students to real sustainability challenges in their own buildings and communities, driving meaningful, hands-on change. Partners are recognized for supporting this high-impact, school-based work.

2 WAYS TO SPONSOR:

Investigation Sponsor

We invite organizations to partner with us in supporting the Kansas Green Schools Investigations—real-world, student-driven projects that make a lasting impact on schools and communities.

BE THE CHANGE KGS Leadership eeCredential Sponsor

Invest in educators' professional development. Impact entire school communities.

INVESTIGATION SPONSOR

1 Investigation for 1 Year: \$5,000

All 5 Investigations for 1 Year: \$20,000

Partners have the opportunity to sponsor one of five meaningful investigation areas:

- **Water Investigation** – Students become citizen scientists – testing water quality, tracking conservation efforts, and mapping their local watershed within the school and community
- **Waste & Recycling Investigation** – Students examine where waste goes, while exploring reduction strategies, recycling, and composting opportunities
- **Healthy School Environment Investigation** – Students focus on indoor and outdoor air quality and ways to create healthier learning spaces
- **Learning Community Investigation** – Encourages exploration of school grounds, green spaces, and biodiversity, while uncovering opportunities for outdoor learning, supporting student well-being, and creating school and pollinator gardens
- **Energy Investigation** – Students identify where energy is used in schools, uncovering opportunities to reduce costs and improve efficiency

Each sponsored investigation proudly features your organization's name, demonstrating your commitment to education and community impact.

These investigations not only provide hands-on, real-world learning experiences for students, but also help schools earn state and national recognition as a Kansas Green School of Excellence.

Together, we can support the next generation in leading meaningful change—right in their own schools and communities.

KANSAS GREEN SCHOOLS SPONSORSHIP

BE THE CHANGE KGS Leadership eeCredential Sponsor

The *BE THE CHANGE* KGS Leadership eeCredential is a flexible online program that equips busy teachers to lead sustainability efforts in their schools—without adding to their workload.

It reduces burnout by reconnecting educators to purpose-driven teaching, boosts student engagement through real-world investigations, and builds stronger school communities around shared environmental goals.

Sponsorship removes barriers to access, helping more teachers participate in this impactful training. Graduates leave ready to lead the Kansas Green Schools program, mentor peers, and drive lasting environmental projects.

As a sponsor, your organization plays a direct role in supporting educator leaders and shaping the next generation of problem-solvers, while demonstrating a clear commitment to education, community, and sustainable impact.

Sponsor a Teacher, a School or District Learning Event, or Larger Educator Groups

Sponsoring educator scholarships removes financial barriers, giving passionate teachers access to transformative professional learning they might not otherwise afford. Your support helps educators gain practical classroom tools, engage students in hands-on environmental learning, strengthen school culture through purpose-driven projects, and grow as leaders in their schools and districts.

Sponsorship is flexible—support one teacher or an entire group. Each sponsored educator creates a ripple effect, impacting hundreds of students.

- Sponsor a Teacher: \$250
- Sponsor a School or District Learning Event (up to 10 teachers): \$2,000
- Larger groups: Contact us for pricing

Invest in educators.

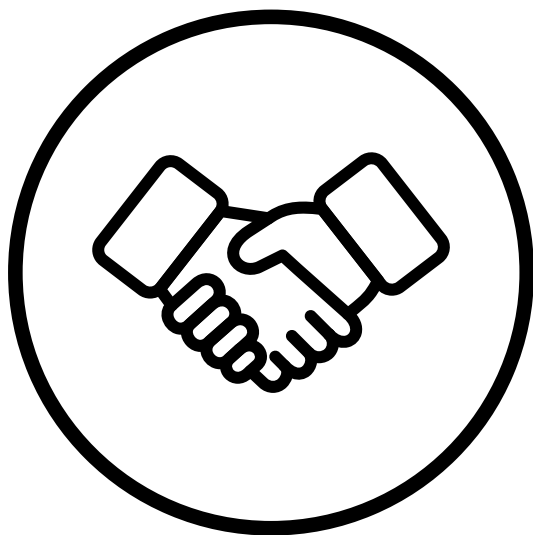

Impact entire school communities.

Make It Official!

Make your Kansas Green Schools sponsorship official by registering as a sponsor.
